ORDER CONTINUING HEARING

The Court had this week executed an order setting a hearing in the above matter for February 9, 2026. However, the setting was conditioned on no counsel having a conflict with that hearing date. Since giving notice to all attorneys of record, the Court has been made aware of a preexisting conflict in the schedule of one of the attorneys of record, and that conflict mandates a continuance of this matter to a later date. Considering the record or these proceedings:

IT IS ORDERED that the February 9, 2026 hearing be upset to be refixed at a future date available to the court and all counsel of record.

THUS DONE AND SIGNED in Chambers in Jena, Louisiana, this 28th day of January 2026, for filing with the Office of Clerk of Natchitoches Parish, Louisiana.

JIMMIE C. PETERS
District Judge *ad hoc*
